IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY

INSTRUCTION MANUAL

WARNING

- Only for domestic use.
- This product is NOT a personal flotation device, lifejacket or buoyancy aid.
- It will not keep a person afloat and does not protect against drowning.
- Always wear a suitable PFD approved to EN ISO 12402 when afloat.
- This cushion is a comfort accessory only.
- Do not stand, kneel or jump on the cushion.
- Attach both straps and close both buckles before use.
- Not a toy. Keep buckles and small parts away from children under 36 months.
- Stop using if the coating cracks, the foam is exposed, seams separate or the webbing is frayed — these reduce grip and water resistance.
- Do not expose to temperatures above [60 °C] (e.g. inside a parked car); foam may deform permanently.
- Fuel, DEET-based insect repellent, sunscreen and solvents damage the coating.
- Rinse with fresh water after salt-water use and dry in shade.
- **NOTICE:** Hand wash at max [30 °C] with mild soap. Do not machine wash, bleach, tumble dry or iron.
